

Game changers are people who introduce new practices to their organizations. They want inspire others to co-create and innovate together.

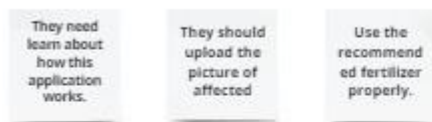

What are their key goals and needs?

What do they struggle with most?

What tasks do they have?

Team ID: PNT2022TMID28620

Project: Fertilizers Recommendation System for Disease Prediction

Date: 12 October 2022

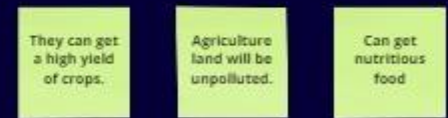

Journey Steps Which step of the experience are you describing?	Discovery Why do they even start the journey?	Registration Why would they trust us?	Onboarding and First Use How can they feel successful?	Sharing Why would they invite others?
<b>Actions</b> What does the customer do? What information do they look for? What is their context?	<div>To get Fertilizer Recommendation for various disease in plants.</div>	<div>It is cost efficient so they'll not meet any losses.</div> <div>Interactions with the specialists at the research centre.</div> <div>They can get awareness about various</div>	<div>Getting a correct fertilizer for plant</div> <div>Watching the growth of crops in a healthy way</div> <div>Building excitement, cost efficient.</div>	<div>Getting high yield of crops without any disease being affected.</div> <div>Identifying the disease early stage and removing it.</div> <div>Setting criteria for healthy leaf.</div>
<b>Needs and Pains</b> What does the customer want to achieve or avoid? <i>Tip: Reduce ambiguity, e.g. by using the first person narrator.</i>	<div>The customer wants to achieve a disease free crop.</div> <div>The customer needs to know about the basic knowledge about the technology being used.</div>	<div>They may have difficulty to understand first.</div> <div>The demo results may vary from the actual field test.</div> <div>Even sometimes prediction can go wrong.</div>	<div>Hesitation, self-doubt.</div> <div>Confusion doubt in choice.</div> <div>Frustrated or worried about the final</div>	<div>Information may not be clear at first.</div> <div>Pesticides has to selected according to requirements for leaf nourishment.</div> <div>Checking the pesticide quality and the cost of it.</div>
<b>Touchpoint</b> What part of the service do they interact with?	<div>They can use their mobile phones.</div>	<div>Information provided at research.</div> <div>Sees a demo leaf with high infection which can be treated.</div> <div>Understand what type of leaf disease possibilities exist.</div>	<div>Verify the information provided at research.</div> <div>Talk to the specialist about disease affected crops.</div> <div>Learning from the process.</div>	<div>Making a photocopy of disease affected</div> <div>uploading that picture in our application and getting fertilizer recommendation</div> <div>Finally a disease free crop yield.</div>
<b>Customer Feeling</b> What is the customer feeling? <i>Tip: Use the emoji app to express more emotions</i>	<div>😍</div>	<div>😞</div>	<div>👍</div>	<div>🤔</div>
<b>Backstage</b>				
<b>Opportunities</b> What could we improve or introduce?	<div>Increase of Fertilizer</div>	<div>Increase in researcher</div>	<div>Reduce the effort</div>	<div>Increase in High yield.</div>

What changes for them?

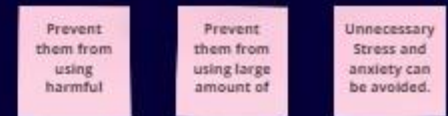

## Outcome

Describe how the life and environment of the customer changes once they used the product or service.

What are they able to do now?

What can they finally avoid doing?

What changed in my environment?
